

# **Spotlight of the Month:**

## **Student Norma Flores**

(2021) Hi everybody, my name is Norma Flores. I started to study English at CLUES in September of last year. But I first heard about CLUES about 15 years ago. I never had the opportunity to study at CLUES before, I always kept in mind wanting to learn more English but for different reasons I was not able to.

Last year, I decided to improve my English because I want to get my GED degree in English as a challenge. So, I am working very hard to learn as much as I can and at CLUES I found help to reach this goal.

CLUES is a nonprofit organization that always has their doors open for all people. They encourage us and give us opportunities to develop our skills - Truly, the community at CLUES feels very supportive and understanding. With patience and support they help minority ESL people succeed.

I am very grateful to CLUES for everything that they do for people like me and other students. I really appreciate all staff including the teachers, especially Mark and Maggie O' Connor, our GED class teacher.

Thank you CLUES so much for this opportunity.
